GL1 Governance - Governing in Turbulent Times – Jill Schumann, President/CEO, Lutheran Services in America

Turbulence creates stress. When the environment keeps shifting, leaders rely on vision, mission and guiding principles to provide stability and context for decision-making. What are the spiritual resources and faith-moorings that boards of faith-based organizations can draw on? How do the board and staff develop a shared understanding of the organization's current reality and how future plans will be monitored and adapted? Speaker Jill Schumann will share perspectives from her years of experience as CEO of Lutheran Services in America, as a board member and as a governance consultant.
