

2010 Mennonite Health Assembly Saturday Worship & Plenary 10:45 – 12:00 pm

The Ebb and Flow of Health Care Reform - Tammy Alexander

As we go to press it is uncertain where the current tides of health care reform will come to rest. Tammy Alexander will help us review what has and is currently happening and how we can respond as a faith community.

Tammy Alexander is the Legislative Associate for Domestic Affairs, [Mennonite Central Committee US Washington Office](#). Her focus is on immigration, the environment and health care. Prior to joining MCC, Tammy was an intern/volunteer at the General Board of Church and Society of the United Methodist Church and worked for several years as an engineer. She is a graduate of American University, the University of Tennessee Space Institute, and Purdue University.

Worship

Worship will be a part of each general session, with congregational singing, led by Don Oswald and a meditation offered by Dr. Natalie A. Francisco, co-pastor, [Calvary Community Church](#). Although ordained in 1999, Dr. Francisco has served extensively in full-time ministry for over 25 years at Calvary in the Music and Arts and the Christian Education departments, as well as numerous other Christian organizations she co-founded. She recently published a book, *Wisdom for Women of Worth & Worship: Lessons for a Life of Virtue, Value & Victory*.
